ABOUT OUR FLAT WOUND SET NO. IF210

Our new INFELD 12 set of guitar strings is especially designed for Rickenbacker 12 string guitars.

The handmade Thomastik-Infeld strings from Vienna offer a very balanced sound – from string to string and from octave to octave – and support the signature sound of the Rickenbacker 12 string guitar. Due to their special winding materials there are no more squeaks when gliding up and down the fingerboard and they are also extremely durable.

HOW TO SET UP YOUR GUITAR WITH SET NO. IF210
