PETER INFELD® STRINGS FOR VIOLA

- ✓ A substantial amount of sound colors, easy to control
- ✓ Great sound quality at all times
- ✓ Projection to the farthest corner of the room
- ✓ Extremely reliable

HOW OUR PETER INFELD® VIOLA STRINGS HELP YOU SOUND YOUR BEST

Our PETER INFELD® strings for viola help you shine in many different ways. The strings are very reliable – and they help you sound great with little effort. They offer a substantial amount of sound colors around a balanced and centered tonal core. This makes their sound remarkably powerful, but not overly loud. We developed them with a chrome-combo winding to produce a specific bow noise, which makes your sound shine all the way to the farthest corner of the room.
